

impactportal - Bug #158

[OPENDAP] Wrong HTTP status code when file is missing: 403 instead of 404.

07/15/2014 02:08 PM - Maarten Plieger

Status:	Resolved	Start date:	07/15/2014
Priority:	Normal	Due date:	
Assignee:	Maarten Plieger	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
When a non existing file on a dapserver is requested, the climate4impact portal says its a 403 instead of a 404.
