

TM5-MP - Bug #2161

Python datetime.strptime function does not support dates before 1900

08/21/2017 12:35 PM - Tommi Bergman

Description			
The strfime function in Python's datetime-module supports only dates from 1900 onwards. It is used when handling the dates in rc-files and for pre-industrial runs this needs a work around.
